
A LIFE WELL LIVED

STUDY NOTES FOR CARE GROUPS – JOSHUA 14:6-15

July 19, 2009

The following are questions that you can use to help facilitate discussion on the life of Caleb. They are taken from this Sunday's sermon preached on 19 July 2009.

Discussion:

- What are some of the major issues about life that young people (below 55) are dealing with today?
- What are some of the major issues about life that older people (above 55) are dealing with today?
- As much as you can remember, what stands out to you about Caleb's life – what do you admire about him, what do you not admire about him?
- What does that repetitive phrase that was used for Caleb, "...followed the Lord my God fully", mean to you? How would this life goal reveal itself in our daily lives?
- Being **willing** to do something and being **able** to do something are two important factors, when we consider living for the Lord. Which of these two factors is your greatest challenge at this moment and why?
- During the message, it was mentioned that at whatever stage of life one is in it is essential to focus on what "we can do" and less on "what we can't do". How important is that principle to you and why? How can one get a more accurate picture of what they can or can't do?
- Is God calling and challenging you to take on a "tough assignment"? What is pushing you forward to accept it? What is holding you back from accepting it? How can the Care Group Leader and Care Group family help you and encourage you?
